Converting Challenges Into Product Specifications

Your challenges are important to us. They fuel our innovations.

Founded in Pune, India, in 2011, Chemische Global has grown into a technology-driven manufacturer of advanced sealants, adhesives, coatings, and grouts serving customers across more than 40 countries worldwide.

Our products are developed to meet the highest international standards. Our success is driven by customer challenges, quality- and process-driven research and manufacturing, and, finally, by our commitment to comprehensive global technical support.

We deliver complete solutions for the B2B market from formulation development and manufacturing to packaging, branding, training, and after-sales service.

Core Strengths

Customised Research

Right-fit Solutions

End-to End Services

- Customised research and development
- Product recommendations based on application needs
- ISO and IATF certified manufacturing
- On-site and online technical support
- End-to-end solutions from research to branding
- Flexible minimum order quantities
- Competitive global pricing

Comprehensive Infrastructure

Chemische Global combines advanced research capabilities with automated manufacturing systems to deliver high-performance products with consistency and reliability.

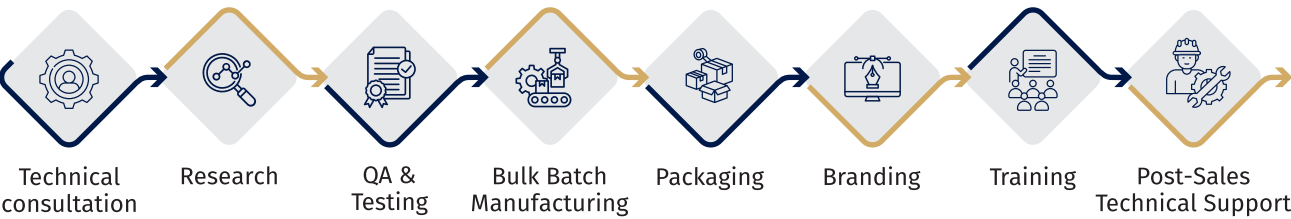

Key Facts Capability	Details
Manufacturing Footprint	2,00,000 sq. ft. and expanding
Manufacturing Units	4+ advanced facilities
Annual Production Capacity	15,000 tons
Customisable Products	500+
Core Chemistries	11
Quality Tests	100+
Scientists	20+
Engineers	30+
Workforce	250+ trained personnel

Certifications

Total Solutions

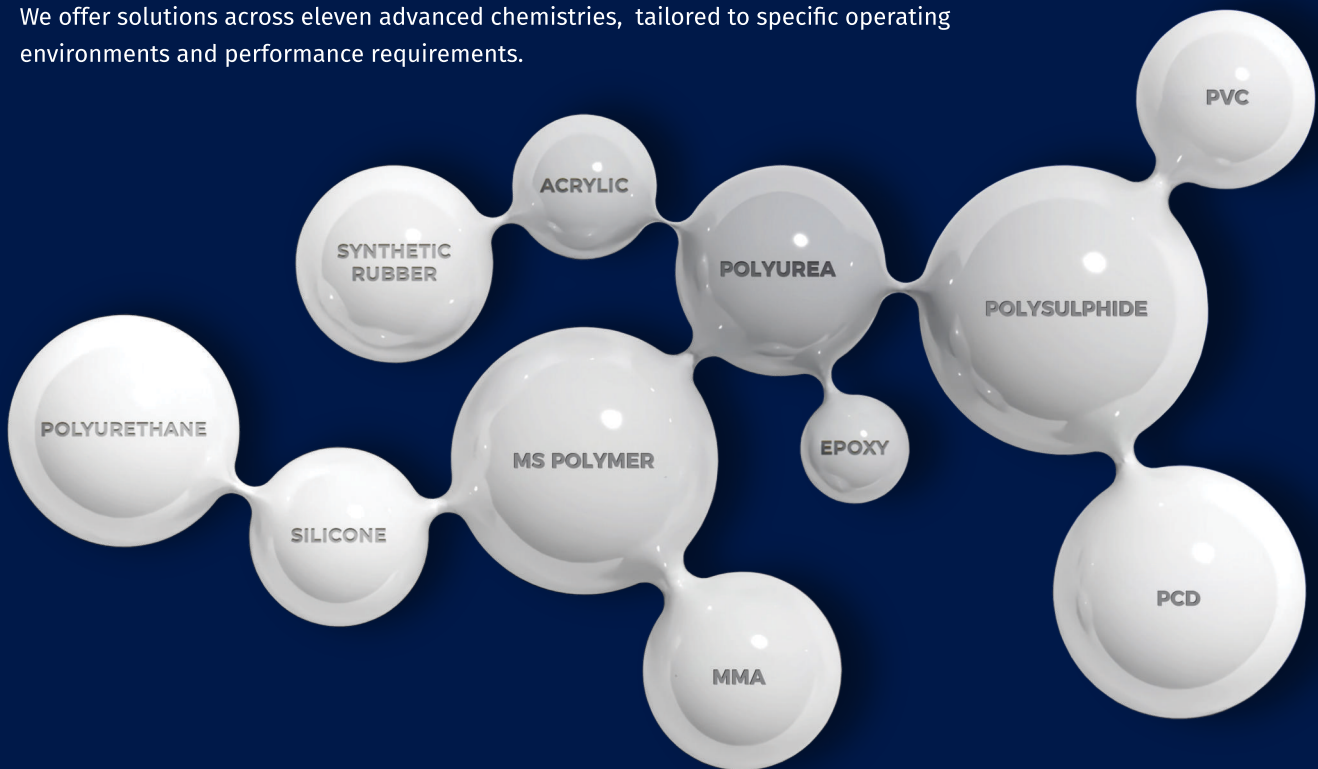

Sustainability

Chemische Global offers a comprehensive range of low-VOC and environmentally friendly products and follows manufacturing practices focused on resource efficiency, recycling, and reduced environmental impact.

Versatile Chemistries for Demanding Applications

We offer solutions across eleven advanced chemistries, tailored to specific operating environments and performance requirements.

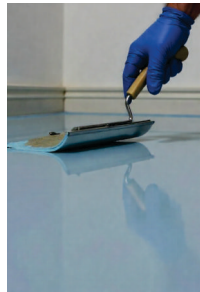

Product Categories

Sealants

Adhesives

Coatings

Grouts

Primers

Cleaners

Key Product Benefits

High bond strength

Excellent weather resistance

UV stability

Low VOC options

Paintability

Shrinkage-free formulations

Corrosion protection

Thermal management capabilities

Application-Focused Solutions Across Industries

Chemische Global develops products for a wide range of industrial and construction applications.

AUTOMOBILES

BUS BODY BUILDING

CONSTRUCTION &
INFRASTRUCTURE

EVs

HVAC

RAILWAYS

RENEWABLE ENERGY

SHIP BUILDING

GENERAL
MANUFACTURING

Representative Applications

Automotive

- Direct glazing
- Headlamp bonding
- Underbody coatings
- Weatherstrip sealing
- Structural bonding

Construction & Infrastructure

- Expansion joints
- Waterproofing
- Facade and glazing sealants
- Injection grouts

Renewable Energy

- Solar panel sealing
- Wind turbine bonding
- Vacuum bagging tapes

Electric Vehicles

- Battery pack sealing
- Thermal gap fillers
- PCB encapsulation
- Potting compounds

Global Presence

Our products are available across India and exported to more than 40 countries.

Australia	Mexico	Singapore
Bangladesh	Nepal	South Africa
China	Nigeria	UAE
Germany	New Zealand	United Kingdom
Japan	Oman	USA
Maldives	Qatar	Vietnam
Malaysia	Saudi Arabia	And expanding

Customer-Centric Support

Support is a crucial factor in enhancing product performance.

We put great emphasis on customer support to ensure optimised product performance.

We provide:

Technical
consultation

Product selection
guidance

Application
training

On-site
troubleshooting

Responsive
after-sales service

Tell Us Your Challenge

Every application presents unique requirements. Share your technical challenge, and our team will recommend a customised solution that meets your performance and production needs. For more of this visit: www.chemichglobal.com
